INCOME DESCRIPTION

RETAIL PROFIT

Retail profit is the margin between the prices at which the Independent Distributors purchase the products (Distributor Price / DP) and the prices at which these products are sold (Maximum Retail Price / MRP). Independent Distributors in Anujit Compensation Plan can earn Retail Profit of 15 – 25% on MRP of the products.

For Example: Every product in the Anujit portfolio has a MRP & Distributor Price (DP). If a product has a MRP of Rs. 2000/-, Independent Distributors in Anujit can purchase the same product on DP which is Rs. 1500/- and may resell the same product on MRP and earn Rs. 500/- (i.e.25% profit) on reselling the product.

$MRP - DP = \text{Retail Profit}$

$MRP = 2000$

$DP = 1500$

$\text{Retail Profit} = 2000 - 1500 = 500/-$

25% Retail Profit

NOTES:

DP is referred as Distributor Price

MRP is referred as Maximum Retail Price

Retail Profit is not calculated and paid by the company.

Company reserves the right to further give discount on any product below DP.

BUSINESS MATCHING BONUS

When a person is registered as an Independent Distributor of Anujit and introduce more Independent Distributors and these Independent Distributors purchase products from Anujit, then on every purchase some special points are generated which are called as Business Volume (BV). These BV points are given to every Independent Distributor in the upward network. Business Matching Bonus is the main pillar of Anujit Compensation Plan which encourages its Independent Distributors to promote more and more Anujit Products and business opportunity. The Business Matching aspect of the Anujit Compensation Plan is calculated from your network, with 2 Business Teams – Left Team & Right Team. As your team begins to grow you are entitled to earn more Business Matching Bonus based on the total BV matched from weaker group. After 2 successful sales, when an Independent Distributor is able to sponsor 3rd sale under his / her team, and it is placed under his / her Left Team or Right Team, it is known as spill sale for the sponsor Independent Distributor. When an Independent Distributor is able to match business of 1000 BV from both the teams, and further, when their business grows and is matched in the multiples of 1000 BV, they will be entitled to get 10% of matched Business Volume (BV) matched from weaker team as Business Matching Bonus. The Value of 1 BV is considered as Re. 1/-.

For Example:

An Independent Distributor is able to recommend sale of 1000 BV in Left Team and sales of 1000 BV in Right Team, it makes him / her eligible to earn 10% of matching BV as Business Matching Bonus.
